SAFER DRUG USE DURING COVID-19
Protect yourself, protect others

1. Wear a mask or face covering around others
2. Avoid contact with others
3. Avoid touching your face
4. Wash + moisturize hands often, including after handling drugs and packages
5. Clean the surfaces where you prepare drugs for use
6. Prepare your own drugs for use
7. Do not share cigarettes, spliffs, pipes, needles, or drinking containers
8. Do not use dollar bills to snort
9. Do not carry drugs in your mouth
